

I want to make a comment on how KLOVE radio has been such a blessing to my family because of the excellent music and encouraging message that it brings to us and my local community.

With so many stations on the air today that I do not consider family safe, I feel that if the service that is provided by K-Love is displaced by an LPFM broadcaster, my family and community will be the losers. It is wonderful to be able to let you children listen to a radio stations without having to worry about what they are hearing and taking in. Thank you for allowing me to add my comments and concerns to the FCC.

Michael Paul
